### Dr Sandy Clark

After 10 years of postgraduate study in chiropractic paediatrics, clinical neurology and Chiropractic adjusting techniques, Dr Clark achieved an International Certification in Craniopathy (the study, diagnosis and treatment of cranial and cranial nerve faults affecting the health and well-being of an individual). Co-Author of 'Abundant Health' and now 16 years into his career, Dr Clark loves working with patients and lecturing nationally and internationally on specific aspects of adjusting for these cranial faults. He is continually looking for a greater understanding of the relationship of cranial reflex patterns and their ongoing effect on the health of an individual.

### Dr Pamela Douglas

Dr Pamela Douglas is a GP, lactation consultant, researcher, and author of The Discontented Little Baby Book. She is an Associate Professor (Adjunct) at the Centre for Health Practice Innovation at Griffith University, and Senior Lecturer at the Discipline of General Practice, The University of Queensland. She is also founder and Clinical Director of Possums for Mothers and Babies [www.possumsonline.com](http://www.possumsonline.com), a non-profit organisation with three arms: Research, Education, and Clinical Services. The new Possums Clinic is opening in Highgate Hill, Brisbane, at the end of March 2015.

Pam is passionate about contributing to paradigm shift in the way we care for mothers and babies. In her work for health professionals, she aims to support a move away from discipline-specific interpretations of the evidence (which result in conflicting advice to parents), towards integrated, interdisciplinary, and holistic approaches.

### Dr Daniel Ford

Dr Daniel Ford is a registered specialist in Paediatric Dentistry. He is in private practice with the Paediatric Dental Group, in Queensland, Australia. Dr Ford has Honour degrees in Science and Dentistry, a Masters in Paediatric Dentistry and a Fellowship of the Royal Australasian College of Dental Surgeons. He holds accreditation as a visiting specialist with numerous hospitals in South East Queensland. Dr Ford is actively engaged in research in his specialty and has numerous national and international publications. He is an examiner of those undertaking paediatric specialty training throughout Australia. Dr Ford is a lecturer at The University of Queensland and Griffith University and is a sought-after presenter at

conferences. Dr Ford has extensive training and experience in the diagnosis and management of oral and dental anomalies, trauma, pathology and disease in infants, children and adolescents. As an expert in his field, lip and tongue tie is a common condition seen in Dr Ford's practice. Diagnosis, management and research of lip and tongue tie are priorities for Dr Ford.

### Dr Alison K. Hazelbaker, PhD, IBCLC, FILCA, CST, RCST

Dr. Hazelbaker specializes in cross-disciplinary treatment. She is a certified Craniosacral Therapist, a Lymph Drainage Therapy practitioner, a Rhythmic Movement Training educator, a certified NOMAS assessor and an International Board Certified Lactation Consultant (IBCLC). As well as being a La Leche League Leader for 34 years, Alison has been practicing as an IBCLC for over 30 years and a Craniosacral Therapist for 20 years. She maintains a private practice in Columbus, Ohio.

Her original research on tongue-tie, done in 1993, has changed clinical practice both in the USA and abroad. She authored the 'Assessment Tool for Lingual Frenulum Function (ATLFF)' during her Master's Degree programme. In 2010, she revised her Master's thesis on tongue-tie into a comprehensive book: 'Tongue-tie: Morphogenesis, Impact, Assessment and Treatment'.

### Dr Jeffrey Kestenberg

Dr Kestenberg has been a dentist in Private Practice for over 30 years. He is a consultant at Monash Medical Centre in Prosthodontics and Clinical Demonstrator and examiner for final year dental students at the University of Melbourne Dental School. He is a Fellow of the Royal Australasian College of Dental Surgeons.

### Anna Millichamp

Anna Millichamp is an Accredited Practising Dietitian and PhD scholar. After graduating with honors from Queensland University of Technology, Brisbane in 2009, Anna was awarded the highly sought after graduate placement at Sydney Children's Hospital (SCH) as a Paediatric Dietitian. During her work at SCH Anna discovered her interest in paediatric feeding challenges and completed the Sequential Oral Sensory (SOS) Approach to Feeding training. In 2011 Anna departed SCH to move with her husband to Byron Bay where she commenced her private dietetics practice and worked as a Research Assistant at Queensland University of Technology.

Anna commenced her PhD in 2012 but took leave to have her first child. During this leave, Anna rediscovered her passion for paediatric feeding issues. She returned to her PhD in June 2014 with her current research focus: Improving available evidence for feeding children with oral anatomical defects to achieve optimal nutritional outcomes and minimise feeding difficulties.

### Holly Puckering

Holly Puckering lives in Tasmania, Australia, with her husband and two children. Holly graduated as a Speech Language Pathologist from The University of Queensland and began working in the field of Early Intervention for children with significant disability and delay. From 2006-2014, Holly has been the Senior Speech Pathologist for Rehabilitation at the Royal Hobart Hospital in Tasmania. In this role she has worked with people of all ages with communication disorders and dysphagia. After experiencing first-hand in 2008 with her first child the difficulties that tongue tie can bring, Holly developed a special interest in dysphagia management and oral myofunctional disorders. In 2011 she opened a private practice dedicated to the rehabilitation of oral functional disorders. This practice is now a specialised multidisciplinary team dedicated to cutting edge care and supporting collaborative research into this field. Holly also helped form local networks across Australasia, culminating in 2013 with the formation of the Australasian Society for Lip and Tongue Ties.

### Cancellation and Refund Policy

Cancellations can be accepted up to 48 hours prior to the start of each seminar program, provided that you notify us by email: [info@breastfeedingconferences.com.au](mailto:info@breastfeedingconferences.com.au). No refund can be provided to those who do not attend and fail to notify us in advance.

We reserve the right to cancel seminars in the event of unforeseen circumstances. In this case, every effort will be made to contact participants by email and/or phone in good time, and a full refund of registration fees will be offered.

We will refund seminar fees if one full week's notice of cancellation is given. No refunds will be made for travel expenses incurred in the event that the seminar is cancelled.

# 2015 Seminar Series

**Dates:**  
 May 8th and 9th 2015

**Venue:** Holiday Inn Auckland Airport  
 2 Ascot Road, Airport Oaks, Auckland, 2150,  
 New Zealand

Proudly managed by

**The Lenses That We Wear**

Friday May 8th

7.30am	Registrations – Tea and coffee
8.00am	Welcome – Bev Pownall President NZLCA
8.15am	<b>Pamela Douglas</b> – An innovative evidence-based approach to parent-baby sleep problems in the first 6 months of life (‘The Possums Sleep Intervention’)
9.00am	<b>Pamela Douglas</b> – How to help with cry-fuss problems in the first 16 weeks
10.00am	Morning tea
10.30am	<b>Pamela Douglas</b> – Rethinking ‘posterior’ tongue-tie
11.15am	<b>Alison Hazelbaker</b> – Sucking anatomy and physiology: Cranial nerves and fascia
12.30pm	Lunch
1.30pm	<b>Alison Hazelbaker</b> – Structural insults to infant suck-swallow-breathe coordination
2.45pm	Afternoon tea
3.15pm	<b>Alison Hazelbaker</b> – Classifying and treating infant sucking problems that are not tongue-tie related
4.30pm	Close
4.45–5.45pm	NZLCA Annual General Meeting

**Seeing The Wider Perspective:  
The Team Approach**

Saturday May 9th

7.15am	Registrations – Tea and coffee
8.00am	<b>Holly Puckering</b> – Impact of tongue and lip tie on speech and swallowing disorders
9.00am	<b>Sandy Clark</b> – The neurological implications of tongue tie and how cranial work is beneficial
10.15am	Morning tea
10.45am	<b>Jeffery Kestenberg</b> – Lasing is amazing
11.45am	<b>Dr Daniel Ford</b> – Surgical considerations and management of tongue and lip tie in infants and children
12.45pm	Lunch
1.45pm	<b>Anna Millichamp</b> – Introduction of foods and textures to meet nutritional requirements for infants/children with oral anatomical and physical challenges
2.45pm	Afternoon tea
3.15pm	<b>Holly Puckering</b> – Ongoing functional deficits after surgical correction
4.15pm	Closing remarks
4.30pm	Finish

**President’s Invitation**

It is my pleasure to invite you to NZLCA’s 2015 Seminar Series. Join us for this exciting journey.

The series comprises three days. Prior to the events in this programme, Alison Hazelbaker will be providing one-to-one supervision for a small group who regularly use the Hazelbaker Assessment Tool (HATLFF) in New Zealand.

On 8 May, the content is designed to challenge you. Infant Sleep? Reflux? Posterior Tongue-ties? ‘The Lenses That We Wear’ can significantly colour our thinking and our practice; whether something actually exists and whether it’s been diagnosed and treated “correctly”.

On 9 May, we’re following-on from last year’s successful event which focused on a national pathway for the assessment and referral of tongue-tie. This year, we’re focusing on ‘Seeing The Wider Perspective: The Team Approach’, learning who may be involved in working with tongue-tied babies. Important as it is to learn skilled clinical assessment of the breastfeed and also of the infant’s oral anatomy, it is also important to know what skilled practitioners are available for referral and treatment and how we can work together to find solutions that meet mothers’ and babies’ needs.

**Bev Pownall – President NZLCA**

**About NZLCA**

The New Zealand Lactation Consultants Association (NZLCA) is the professional association of the International Board Certified Lactation Consultant (IBCLC) in New Zealand. NZLCA members have all passed a fully accredited examination set by the International Board of Lactation Consultants Examiners (IBLCE).

Opportunities for education provided by NZLCA for members and interested health professionals include workshops, and conferences which cover many aspects of lactation, often provided by international presenters.

To join NZLCA or renew your membership please go to: [www.nzlca.org.nz](http://www.nzlca.org.nz)

**Venue Information**

**Holiday Inn Auckland Airport**  
2 Ascot Road, Airport Oaks, Auckland, 2150, New Zealand
